KARTIK KURHEWAR

Software Engineer

kartikkurhewar@gmail.com · +91-8830556394 · LinkedIn · Portfolio · Pune, India

PROFESSIONAL SUMMARY

Results-driven Frontend Engineer with 3+ years of React.js expertise, delivering measurable impact — 30% faster page loads, 25% fewer bugs, and 40% quicker onboarding. Adept at building scalable component architectures and shipping production-grade responsive UIs from design to deployment. Looking to step into a Senior role where I can drive technical decisions and take on more ownership.

EXPERIENCE

Software Engineer | Cognizant

Pune, India · Dec 2021 – Present

- Built pixel-perfect, responsive UIs from Figma designs using React.js, HTML5, CSS3 — reduced design-to-deployment cycle by 25%.
- Architected scalable component system with React Hooks, Context API and Redux — cut state-related bugs by 25% and improved maintainability.
- Improved page load speed by 30% through lazy loading, code-splitting, and component-level memoisation.
- Integrated RESTful APIs end-to-end — reduced frontend-backend integration time by 20%.
- Implemented secure auth flows using Auth0 and Firebase — eliminated unauthorized access incidents.
- Built interactive Chart.js dashboards, improving stakeholder data comprehension by 75%.
- Deployed production React apps on Google Cloud Run and Azure with CI/CD pipelines — maintained 100% uptime.
- Mentored 3 junior developers through code reviews and pairing — cut onboarding ramp-up time by 40%.
- Participated actively in Agile ceremonies — helped reduce sprint blockers by 30% and improve on-time delivery.

PROJECTS

Fraud, Waste, and Abuse (FWA) Detection System

- Built a React.js application to retrieve and categorize documents by date range with nested case-level data.
- Developed complex multi-level navigation for seamless drill-down from category views to detailed case insights.
- Optimized performance for large datasets using efficient state management and API handling; implemented secure authentication.
- Tech: React.js, Redux/Context API, REST APIs, Auth, HTML5, CSS3, Bootstrap, Google Cloud.

Marketing Content Assistant — Healthcare Payers

- Built a responsive React.js UI to manage and process healthcare documents — improved processing efficiency by 40%.
- Tech: React.js, REST APIs, Redux, Azure.

Healthcare Document Information Extraction

- Developed frontend for document extraction pipeline — boosted UX and throughput by 40%.
- Tech: React.js, Context API, REST APIs, Google Cloud.

TECHNICAL SKILLS

Frontend	React.js, JavaScript, HTML5, CSS3, Tailwind CSS, Bootstrap
State Management	Redux Toolkit, Context API
Backend	RESTful APIs, Node.js (basics), SQL, PostgreSQL
Auth	Auth0, Firebase Authentication
DevOps	Git/GitHub, CI/CD (GitHub Actions), Webpack, Vite, Google Cloud Run, Azure
Design	Figma (design handoff), Chart.js
Process	Agile/Scrum, Code Reviews, Mentoring, Cross-functional Collaboration

EDUCATION

Bachelor of Engineering — Information Technology · Priyadarshini College of Engineering, Nagpur

July 2017 – Aug 2021
